

Amendments to the Claims

This listing of claims replaces all prior versions and listings of claims:

Listing of Claims:

1. (Currently amended) A battery comprising:

a battery cell having a pair of terminals;

a circuit board disposed on a side of the battery cell;

a pair of connecting members, one end of each connecting member being attached to a respective end of the circuit board, and the other end of each connecting member being attached to the respective terminal of the battery cell;

a connector having a resin path, wherein the connector is provided on the circuit board, ~~and the resin path is provided between the connector and the circuit board, and a width of the connector is substantially the same as a width of the side of the battery cell;~~ and

a molded resin portion continuously formed via the resin path, covering the circuit board and the connecting members disposed on the battery cell.

2-3. (Canceled)

4. (Original) A battery according to claim 1,

wherein the connector comprises

a terminal housing arranged on the circuit board; and

an external connecting terminal connected to the circuit board electrically, and wherein the external connecting terminal is arranged on top of the terminal housing.

5. (Original) A battery according to claim 4, wherein one end of the external connecting terminal is exposed at a side of the terminal housing.

6-7. (Canceled)
